« Our Parcel Selections » highlights the best terroirs of our winegrowers: old vines, geological specificities, exposure and altitudes... For each appellation, our savoir-faire expresses through careful selection of plots, rigorous vinification and ageing methods to produce complex wines.

### THE VINTAGE

A very rainy spring followed by a hot summer. Good rains in August and a beautiful "indian summer" during the harvest. 2018 will certainly account for a great vintage.

### LOCATION

Average age of the vines : 40 years - Altitude : 300 meters.

### TERROIR

Parcels are located in the "Trias" sector (230M years old). The soils are made of gypsum, clay and "cagneules" that give to the land this typical red ochre colour. They also allow a regular supply of water to the vines.

### WINEMAKING

Hand harvest at optimum maturity. Grapes are detemmed, crushed, put into vat, and vinified at controlled temperatures. Regular rack and return, as well as regular aeration of the must during fermentation to develop smooth and silky tannins.

### AGEING

50% of the blend ins aged in 1/2-muids.

### VARIETALS

Grenache noir 79%, Syrah 21%

Contains sulphites.

### SERVING

WINE ADVOCATE

90-92/100

"...it's my favorite of the various Beaumes de Venise cuvées, showing a fantastic bouquet of cherries, raspberries and garrigue. On the palate, it's full-bodied, rich and velvety, finishing with plenty of flavor and hints of licorice."
