

Terroir Daronton - 6% - Vin de France, Rouge, 2023

France

Lightness has a name: Daronton!

PRESENTATION

As trusted signature of Rhône Valley wines, Terroir Daronton is also the answer for consumers seeking the joy of wine, without the alcohol.

THE VINTAGE

2023 was full of contrast! Warm temperatures at the beginning of winter, then a return to normalcy until February; Spring was characterized by a persistent drought and strong wind, followed by regular rainfall until the end of June. Our winegrower partners have worked a lot in the vineyards to preserve the grapes. At the beginning of the harvest, berries were healthy and well-ripened, promising one of the finest vintages of the past decade.

WINEMAKING

Grapes are harvested at optimum maturity and vinified in the same way as for a classic red wine. Dealcoholization is carried out at the end of fermentation through cold distillation. We add no external elements, to preserve the structure and fruitiness of the wine.

Contains sulphites.

SERVING

A wine to be enjoyed chilled (12-14°C) and opened within the year to best enjoy its fruity aromas

FOOD PAIRINGS

The ideal companion for appetizers and convivial moments where both taste and lightness are desired!

Tapas, Italian cuisine, grilled vegetables, cheeses and delicatessen.
