

Terroir Daronton, Vin de France - Sans Alcool, Red, 2023

Vin de France, VSIG, France

PRESENTATION

As trusted signature of Rhône Valley wines, Terroir Daronton is also the answer for consumers seeking the taste of wine, without the alcohol.

THE VINTAGE

2023 was a year full of contrasts: warm temperatures at the end of December and beginning of January raised concerns about early budding; a return to normalcy continued until February with relatively cool weather; a persistent drought accompanied by a strong Mistral wind, followed by regular rainfall until the end of June. Thanks to constant vigilance in the vineyards, the berries were healthy and well-ripened when harvest started, promising one of the finest vintages of the past decade.

WINEMAKING

Grapes are harvested at optimum maturity & vinified like a classic red wine. Dealcoholization is carried out at the end of fermentation through cold distillation. This process allows us to preserve the colour and aromas of the wine.

Contains sulphites.

SERVING

Enjoy chilled (12-14°C) and keep 3 days max in the fridge. To be opened within the year to best enjoy its fruity aromas

TASTING

Notes of ripe red fruits, smooth and structured.

FOOD PAIRINGS

Cheeses, delicatessen, grilled vegetables, classic and veggie burgers, tapas or just on its own!
