

Origine 1348, AOC Muscat de Beaumes-de-Venise blanc

AOC Muscat de Beaumes-de-Venise, Vallée du Rhône, France

THE original Muscat!

PRESENTATION

While the origins of Muscat Petits Grains grapes in the heart of the Dentelles de Montmirail date back to Antiquity, it was in 1348 that Beaumes de Venise became part of the Comtat Venaissin. When the popes decided to settle in Avignon, Clement VI made Muscat de Beaumes de Venise his official favorite aperitif. The history tells that he enjoyed it chilled in spring water.

TERROIR

Vines are located in the Dentelles de Montmirail, around the village of Beaumes de Venise.

WINEMAKING

After a manual harvest during the coolest hours of the day, the grapes are brought to the cellar to begin fermentation. This process is then stopped by addition of wine alcohol ("mutage" in French), in accordance with the specifications of the AOC. This technique gives our Muscat a beautiful balance between sweetness and acidity.
